

FLOODLIGHT PROPOSAL

Hello

Thank you for taking the time to read through this proposal for floodlights at Tucker Park.

Faringdon Town Football Club has been a prominent member of the community since 1906 and we currently have a total of 10 football teams ranging from under 8's to over 35 Veterans. This season we will introduce our first ever girls only football team, which is a major step to making our football club inclusive. Our clubhouse is currently going through a number of renovations, which has seen our new patio completed and bifold doors installed. More alterations are to be made internally over the coming months, which will improve the facility immensely.

To help us move forward and offer some of the best facilities on the pitch in our area, to match our clubhouse progression off the pitch, we are in discussions with Wiseman Lighting (www.wisemanlighting.co.uk) about the possibility of having floodlights installed on our main pitch at Tucker Park, which runs alongside the clubhouse and railings.

As you will no doubt appreciate, the costs to install six pylons and light clusters, along with the concrete pads and electrical installations, are a major financial investment for the football club. Cllr Bethia Thomas has been on a tour of the clubhouse and pitches to discuss our plans and see what we have done so far. We have also received positive feedback from Faringdon Town Council and the Tucker Park Trust, and we are now seeking your views on this proposal as a valued neighbour to Tucker Park, prior to submitting planning applications to the Vale of the White Horse District Council.

The following pages include full details for Wiseman Lighting, plus an estimated visual of the amount of light which will be placed on adjoining properties to Tucker Park. We would therefore ask you to read through these pages, please visit Wiseman Lightings website for information regarding the company, their past projects, plus great images indicating the very minimal light overspill from their installations.

Our proposal is to the use the lights, no more than four nights a week, with a 9.30pm curfew. We wish to work with you as a neighbour of Tucker Park and keep any disruption to a minimum.

We have created a short survey (see back cover) which can be returned to c/o Adam, 2 Town End Road, Faringdon. Alternatively, you can visit online:

www.smartsurvey.co.uk/s/B8SABX/

The survey will close **31st July 2022**, and we look forward to receiving your responses and feedback.

Simon Harrington

Chairman
Faringdon Town Football Club

About Us

Established in 2013 by Harry Riste, with over 30 years of experience in the construction sector and Chairman of his local sports club, Wiseman is now a leading contractor of LED sports floodlighting.

The journey started in 2014, installing the first LED sports lighting in the UK, which remains the largest single grant investment into LED sports floodlighting. Now with a team who have many decades of experience in the sector, installing projects from stadia to grass roots, Wiseman continues to pioneer this exciting technology working with manufacturers to refine and innovate products.

With a desire to make a difference, raise standards and attract new investment into LED floodlighting, Wiseman's Team have influenced at all levels. From Government, The Department of Energy and Climate Change (Now BEIS), to Sport England's largest single investment into LED's, to supporting The FA in determining the long-term approach to football investment, to Leagues and Clubs; impact has been delivered and achieved.

Across the UK we continue to deliver projects from initial concept, funding, planning application and installation, though to commissioning and long-term maintenance of all types of facilities. From grass roots clubs and education to leisure management establishments, Wiseman continues to lead the sector bringing innovation and new levels of customer support.

Wiseman's technical knowledge has resulted in planning being successfully achieved for sports facilities situated in National Parks, Dark Skies Area's and major residential settings across the UK and Ireland where spill control is critical.

Our Mission

Wiseman Lighting aims to aid the United Nations Sustainable Development Goals, by ensuring sports clubs across the country install LED lighting solutions that contribute to the NET ZERO initiative. The Wiseman team are committed to providing sustainable and innovative financing solutions as well as being at the forefront of LED floodlighting technology to help accelerate our goal.

By undertaking detailed testing of products and manufacturers, we ensure clients are given the very best available products and warranty while reducing the risk associated with a new technology. Such an insight has resulted in Wiseman testing and installing more LED floodlighting products than any other contractor, in turn, enabling Wiseman to advise clients on the best available solutions and to offer affordable choice. Unlike metal halide technology which has had decades of refinement, no LED products are the same. Wiseman has tested and evaluated a wide range of manufacturers so that we can advise from a strong knowledge base.

Whatever your sport, our installation teams have installed and maintained floodlighting systems in sports stadiums both large and small. We support indoor and outdoor venues, from grassroots clubs to national arenas, across the UK and beyond.

Please visit www.wisemanlighting.co.uk/projects for information and details of previous projects and images of our lights in action.

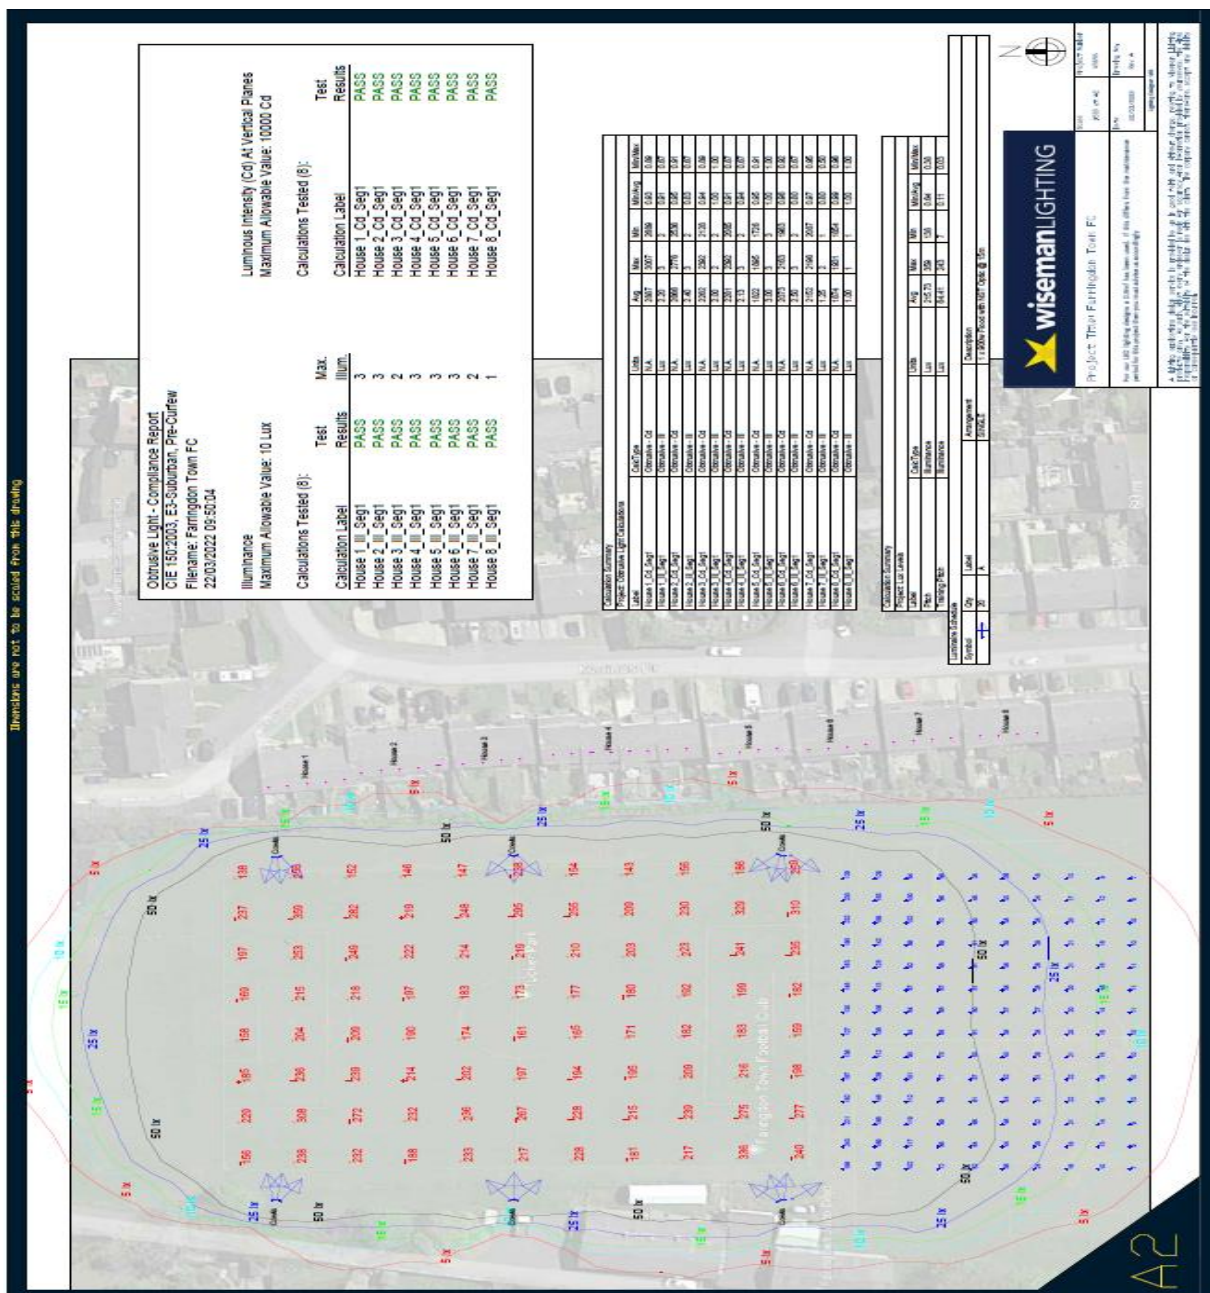

Faringdon Town Football Club – Tucker Park Proposal

Below is an estimation of the obtrusive light to the immediate neighbouring properties. Please note that the football club is currently going through a number of steps to changing the size of the playing surface, which will reduce the amount of light currently shown in the below to properties.

PLAYERS & COACHES REQUIRED

YOUTH TEAMS

Our thriving youth section is currently looking for the valuable support of volunteers to help and support our current teams. Whether it's administration or coaching, we would like to hear from you.

Boys - U8's (year 3, Sept 2022), U9's (year 4, Sept 2022), U10's (year 5, Sept 2022, U11's (year 6, Sept 2022), U12's (year 7, Sept 2022) and U15's year 10, Sept 2022).

Girls – U11's (years 5 & 6, Sept 2022)

If you can offer any assistance, please contact Adam Bradley adam@faringdowntownfc.com

SENIOR TEAMS

To supplement our existing senior management teams in UHlsport Hellenic and Witney & District Football Leagues, we have a number of voluntary positions available:

Football Coaches

- FA Level 1 or above (we are willing to assist with funding for future development).
- Basic 1st Aid for Sport certification
- DBS certification
- Available for training sessions (twice a week in pre-season – once a week in season) & matchdays, predominantly Saturday afternoons.
- Bring energy to every training session and pre-match warm-up.

1st Team Sports Therapist/Physio

- To assist and support 1st Team management team at training sessions and matchdays
- Ideally suit student looking to gain valuable experience.
- Provide rehabilitation plan for squad following injury.
- Expenses will be covered.

Club Linesman

- An invaluable role for the club.
- To assist Witney & District management teams on matchdays, predominantly Saturday afternoon's in and around the Witney area.
- An interest in football and knowledge of the laws of the game ideally.

Players – Over 16

- We operate three senior men's teams and are always happy to see new faces join the club and play football in the UHlsport Hellenic and Witney & District Football Leagues. Commitment is essential, for games predominantly played on Saturday afternoons.

If you can offer any assistance, please contact Martin Harries martinharries73@gmail.com

CLUBHOUSE OPENING TIMES

Mon 8.00pm – Tue 7.00pm – Wed 7.00pm – Thu 7.00pm – Fri 6.00pm – Sat 10.00am – Sun Midday

You can catch up on news and updates at www.faringdowntownfc.com or visit us at our Facebook page [faringdowntownfc](https://www.facebook.com/faringdowntownfc) or Twitter [@faringdowntownfc](https://twitter.com/faringdowntownfc).
